

# WOW! Business HSI Coax Cable and DIA Fiber Internet Services

WOW! Business offers both fiber and coax Internet services to enhance your business performance. Review the benefits of each to see which is right for you.

## High Speed Internet (HSI)

Provided via cable modem and coaxial cable (coax) to transmit data, HSI offers:

### Availability

Get HSI virtually anywhere within our service area.

### Asymmetrical speeds

Share files quickly, communicate seamlessly, and advance your business with the lightning-fast Internet speeds – up to 1 Gbps.

Options (download/upload):

- 60/10 Mbps
- 120/15 Mbps
- 240/15 Mbps
- 600/40 Mbps
- 1 Gbps /50 Mbps

### Productivity

Easily share information between offices and with clients; host servers; and stay connected no matter your location.

### Fast speed to market

Need a quick connection? We can deploy Internet service in your location(s) right away.

## Dedicated Internet Access (DIA) Fiber

Provided via fiber optic cable, DIA Fiber offers:

### Scalability

Buy the speed you need for your business today, with room to grow tomorrow. We offer speeds from 1Mbps to 10Gbps at symmetrical bandwidth for seamless productivity.

Options:

- 10Mbps up to 100Mbps (in 10Mbps increments)
- 100Mbps to 1Gbps (in 100Mbps increments)
- 1Gbps to 10Gbps (in 1Gbps increments)

### Reliability

Our guaranteed SLAs mean that you never have to worry about network availability.

### Security

With DIA, you get a secure WOW! connection from the switch to your location.

### Flexibility

We can help you install your Internet the way you need it. Multiple ports? No problem.

## Backed by Unmatched Service

No matter which solution you choose, you'll get the peace of mind that comes with 24/7 support and a partner that focuses on your connection so you're free to focus on your business.
